NEW LIGHT IS THROWN ON BROWNSVILLE RAID

Negro Soldiers Went Gunning For Americans And Expressed Regret That Mexican Was Shot.

BROWNSVILLE, Tex., Dec. 1.—New light was thrown on the Brownsville raid by the court of inquiry in its session yesterday, and a number of heretofore undeveloped points were brought out, all of which are claimed to be detrimental to the cause of the negro soldiers charged with "shooting up" the town. Celso Oilveir, a former policeman, and Manuel Morales, formerly a tailor at the post, were the principal witnesses.

Oliveir testified he saw Capt. Macklin, whom he knew well, picking up scattered cartridge shells the morning after the raid. At the former inquiry Capt. Macklin testified that the shells were found in one place, it being alleged they were placed by citizens in support of a conspiracy theory. Morales told of a conversation he had with a negro soldier after the raid, in which the soldier said he was sorry a Mexican had been wounded, as the Americans were the only ones the negro troops "were after."

Among the other witnesses was Joseph K. Powers of San Antonio, formerly keeper of the National cemetery at Fort Brown. Powers said he had a conversation with Major Penrose, following the shooting, quoting the latter as saying he would rather have lost his right arm than have had his men do the shooting, and he would give a year's pay to know which of the soldiers did it.

That the officers of the negro regiment knew the shooting was done by their men was testified to by Mrs. Kate Lehy, who said Lieut. Greer told her the officers recognized the reports of the high-power rifles, but were afraid to leave their families to investigate, believing that the soldiers were fighting among themselves as on previous occasions.

The court of inquiry concluded its hearings here late yesterday, and adjourned to meet at a later date in Washington. The inquiry will be completed by hearing such discharged soldiers as may apply for reinstatement in the army, and who will be called to testify in their own behalf.

At the afternoon session Dr. Joseph K. Combe, retired army officer and mayor of Brownsville, declared that he was familiar with the report of army rifles and expressed the opinion that the bullets were fired from such rifles on the night of the raid. On the succeeding morning, he declared, he visited the army post and saw several soldiers cleaning their guns, contradictory to previous evidence by officers and men of the battalion. Another witness, Mrs. R. H. Wallis, asserted that she saw the flashes of the guns as they were fired from the post. She declared that roll call at the barracks was half an hour after the shooting ceased. At a previous hearing soldiers declared that the shooting was still in progress while the roll was being called. A number of houses shot into were visited yesterday.

Mrs. O'Leary's Cow Not Guilty of Arson, Says Son

CHICAGO, Dec. 1.—Mrs. O'Leary's cow did not kick over the lamp that started the fire which destroyed the city of Chicago in 1871!

Blasted is the tradition of the origin of the great fire which swept away millions of dollars in property and made homeless many thousands of persons. The denial of the cow's kick came yesterday from the son of Mrs. O'Leary, James O'Leary, familiarly known as "Big Jim" of the stock yards district, who denied the oft-repeated story, following a declaration made Monday from a Chicago pulpit that the cow had kicked over the lamp when two youths tried to procure from her milk for whiskey punches.

"The fire was caused by spontaneous combustion in the hayloft," said Big Jim.

"It was like this: The old man had put in a load of green hay a few days before the fire. The fire started in that hayloft and the place where the cows were kept was underneath that. It was Sunday night that the big fire started. I hadn't got to sleep when I heard the firemen shouting in front of the house and we all got out.

"The first we knew about the cow and the lamp was when we read about it. Father and mother died, sad at heart over that monumental world-strewn fake."

Dickens Outdone By Tale Burglar Won By Children

CHICAGO, Dec. 1.—Two children, sleeping in peaceful unconsciousness of danger yesterday, proved more effectual in disposing of a robber than all the bolts and bars on the entrances to the home of Adolph Huber.

The influence of the sleeping children, the small daughters of Huber, caused a burglar to repent his crime and return to the children's parents money which he had just taken at the point of a revolver.

The burglar had ransacked the garments of Huber, taken all the money which was in Mrs. Huber's purse and then went into the apartment room where the children were sleeping. Tiptoeing out he gave back to the astonished parents the money which he had taken, a small sum, and added a silver coin, saying:

"Those are great kids. I haven't got much coin, but you give them this from me."

The police are looking for the kind-hearted burglar.

One thousand growers are expected to assemble in Palm Beach on the fourth of December to help in the support of the contention of the Florida East Coast Fruit & Vegetable Growers' Association for a reduction of rates. The attorneys are already busy and forces are daily at work.

REV. FOSTER ON A TOUR.

Prominent Palatka Minister Seeing Country in His Rambler.

Rev. W. C. Foster, formerly of Alachua but now pastor of the First Baptist church of Palatka, with his handsome forty-five-horse-power Rambler automobile, was the center of attractions on the streets yesterday, and friends were glad to see both him and his machine, which is said to be the handsomest that ever rolled into Gainesville.

Dr. Foster, with his driver, Clair Otey, direct from the Rambler factory, have been on a tour since Monday, leaving Palatka for Ocala, thence to Gainesville and Alachua, returning from the latter point yesterday morning. The machine behaved nicely, the trip being made without a mishap or accident of any kind.

Dr. Foster left in the afternoon for Melrose, where he spent last night, and expected to leave this morning for home.

On Friday night the young folks spent a delightful evening at Mr. and Mrs. S. C. Hayman's beautiful home, and had a taffy-pulling. Parlor games were played while the candy was cooking. When the candy was cooked everyone had the pleasure of joining in the pulling of same. A large crowd was present. Music was dispensed during the evening lending a delightful charm to the occasion. The following young ladies and gentlemen were present from Island Grove: Misses Randall, Cason, Lamberth, Moore and Macrol, and Messrs. Moore, Carlton, Ergle, Sykes, Howard, Randall, Shaw and Barker. Misses Cornelia and Bernice Martin of Cross Creek were also present. It is needless to say that all had a grand and glorious time, because all the young folks well know that an invitation to Mr. and Mrs. S. C. Hayman's home means nothing else but a glorious time.

ANTI-PROHIBITION MAJORITY INCREASES

Largest Vote Ever Cast In Alabama---Now Believed Majority Will Be Over 25,000.

BIRMINGHAM, Ala., Dec. 1.—Later returns from the State indicate that Monday's majority against the prohibition constitutional amendment will run above 25,000. It appears that a vote of not less than 125,000 was polled, the largest in the history of the State.

As the sweeping nature of the defeat of the amendment is realized there is a disposition in all circles to analyze the result for its probable effect on future legislation in the State. Industrial leaders and business men of Birmingham are almost unanimous in their belief that the result was a rebuke to recent drastic legislation and a declaration of the people of Alabama of their determination to return to conservation. Leaders of the Birmingham chamber of commerce believe the election will have the effect of bringing a great deal of Eastern capital to Alabama which has been timid for the past two or three years.

Leaders of the amendment forces were overwhelmed by the news of the result, as they were absolutely confident of victory up to the last moment. Governor Comer left for Mississippi Monday on a fishing trip.

"The election determined that the men of Alabama did not wish to write into their constitution police measures, nor surrender rights they have expressly reserved," said United States Senator Johnson.

"It does not mean the return of the saloons nor any backward step in public morals.

"It means that Alabama is conservative and not to be shaken off her feet by mere sentimental appeals."

Senator Bankhead Talks.

Jasper, Ala., Dec. 1.—"The defeat of the constitutional amendment means that Alabama will have a long-needed rest from political agitation," said United States Senator J. H. Bankhead last night. "The defeat of the amendment does not mean a surrender to any interest that will prove inimical to the moral status of the people."

"I Told You So."

Mobile, Dec. 1.—"Two weeks ago I was satisfied that the amendment was defeated; of this I was more than satisfied before the end of the past week." This was the statement of Governor B. B. Comer to a party of friends on a train Monday night, as he left Birmingham for a hunting trip in the neighborhood of Vicksburg, Miss.

The Governor did not go into details as to what had caused him to determine two weeks before the election that the constitutional amendment would be defeated, but when asked why he was so strongly in favor of prohibition, the Governor replied:

"Because one and one-half per cent of the population of Alamaba are convicts and this is due to liquor."

BONNIE MELROSE.

MELROSE, Dec. 1.—Robert Chamberlin gave a birthday party to 28 of his young friends last Saturday. After many games had been played all kinds of delicious refreshments were served, and as a grand finale the whole party was taken out on the lake for a ride in the Dixie.

Dr. F. Roux of Williston and Miss M. Roux of Gainesville were guests of W. H. Lee over Sunday.

L. M. Pearsall has recently purchased the Balcom place east of Melrose and is now making preparations to have the house moved to the lake shore, where it will be a great addition to the many pretty cottages surrounding the cove. It will be located on the former Nagel property.

The next meeting of Melrose Chapter No. 27, O. E. S., will be held on Tuesday, Dec. 14, at 7 p. m., for election of officers. All members are requested to be present.

Man's Head Is Assuming Characteristics of Lion's

CINCINNATI, Ohio, Dec. 1.—The head of Charles Meyers, a shoemaker, 22 years old, is gradually losing its human characteristics and assuming the shape of a lion's head. The man, who is an inmate of the city hospital here, was exhibited Monday night before the medical association as the victim of one of the rarest diseases known to medical science.

The disease is known as "leontiasis ossia," and only a few cases are on record.

During the last three years the bones of Meyers' skull have gradually enlarged, his eyes have retreated and the whole configuration is so changed that he now bears a far stronger resemblance to the king of beasts than to a human being. The doctors declare that in a short time he must either become insane or die.

Will Issue No Licenses Since He Joined Church

LITTLE ROCK, Ark., Dec. 1.—As a result of joining the church, Judge H. H. Simmons, of Jackson county, one of the liquor strongholds in the State, announces he will not issue any further saloon licenses while in office. He declares "Christian duty impels" him to take this stand.

Many declared Simmons was elected on a local option ticket, and his refusal to issue licenses would be a violation of election promises and party faith. The result may affect the whole prohibition situation in this State. All licenses expire January 1.

Judge Simmons is a brother of Robert Simmons, a saloonist at Newport, Jackson county, now under indictment, charged with second degree murder for killing Eunice King.

EDUCATORS TO MEET AT DELAND DEC. 28

PREPARATIONS BEING MADE FOR RECEPTION OF DELEGATES.

Meeting Bids Fair to Break All Previous Records in Point of Attendance and Enthusiasm.

DELAND, Fla., Dec. 1.—The official program of the Florida State Educational Association has been announced. Prof. F. A. Hathaway, principal of the Duval High School, Jacksonville, is president of the association. Dr. Edward Conradi, president of the Woman's College, Tallahassee, is chairman of the executive committee.

The program announced is a strong one. President Blackman of Rollins College, President Hulley of Stetson University, Prof. Boyd of the Woman's College, Prof. Vernon of the State University, and a score of other distinguished educators have been assigned to places on the program.

The meetings will be held Dec. 28-31 in the auditorium of Stetson University, and in the Assembly Hall of the DeLand public schools.

The College Arms Hotel, which is one of the very finest in the State, will be the headquarters of the association. The manager of this great tourist hotel has fixed a rate of $2.50 per day. The Putnam Inn and a score of other good hotels and boarding-houses have fixed a rate of from $1 to $1.50 per day.

All the railroads of Florida have fixed a rate of a single fare plus 25 cents for the round trip. Tickets will be on sale Dec. 26, 27 and 28th, and will be good for return leaving DeLand as late as Jan. 1.

The citizens of DeLand will tender the visiting educators and their friends a public reception in the splendid parlors of Chaudoin Hall.

The city of DeLand will be beautifully decorated with the national colors in honor of the delegates. It is estimated that more than a thousand dollars will be expended by the people, through their local committee, in making special preparations for the approaching meeting. More than a thousand delegates will attend from all parts of the State.

The railroad companies will put on extra coaches to accommodate the crowds.

The people of DeLand have organized a local committee and eight subcommittees to take charge of various details of preparation and nothing is being left undone which will, in any way contribute to the success of this meeting.

County superintendents and school board members, school principals and teachers in large numbers have already reserved rooms.

Special announcements of the program and of the special features of entertainment are being mailed to all interested in education in Florida by Prof. Suhrie and his sub-committee on publicity and correspondence.

President Hathaway expresses himself as very much gratified with the unusual activity of the people of DeLand in preparing for a great gathering. It is hoped that this meeting may be a fitting climax to Florida's great educational revival.

MR. VOYLE RETURNS.

Left Commodore Beal and Dr. Herzog at West Palm Beach.

E. E. Voyle, who has been for the past few days on a cruise along the Atlantic coast with Commodore Beal and Dr. Herzog, returned to his home here a day or two ago, after a most delightful trip.

Mr. Voyle stated that the trio cruised from St. Augustine to West Palm Beach in a thirty-foot naptha launch, taking life easy along the way. Owing to pressing business engagements he was compelled to leave his companions at West Palm Beach, but Sunday they left that port for Miami, and he is informed that they made the distance—seventy-two miles—in ten and one-half hours.

Commodore Beal and Dr. Herzog expect to cruise around the coast to Cedar Key, when they will return to Gainesville.

SOLD HIS FARM

Minnesota Man Makes Sale Without Aid of Real Estate Agent and Did Not Pay One Cent Commission.

Mr. H. St. John of Cass county, Minn., says: "I sold my farm to a man in Iowa at my own price, and what is more to the point, I didn't have to pay a cent commission to anyone.

"I had given up all hope of ever selling when I happened across the advertisement of Leonard Darbyshire, Incorporated, Rochester, N. Y., and this concern, by a new system of bringing buyer and seller together, sold my farm."

Mr. St. John's success in selling his farm was due to reading a booklet issued by Leonard Darbyshire, Inc., of Rochester, N. Y. This booklet tells of a new and successful method of finding buyers for farms and real estate, business properties and patents. The Corporation issuing this book are not real estate agents and do not accept a penny in commission on sales made by their assistance. Their plan of cutting out the real estate agents has met with remarkable success, and owners throughout the country are availing themselves of this opportunity to sell quickly places which for a long time remained in the hands of real estate agents, who failed to sell, for the reason that the commission which the agent had placed upon the property had killed the sale.

It is said that Mr. Leonard Darbyshire, the president of the concern, is doing more to assist property owners to sell than all the real estate agents in America combined, and anyone wishing to dispose of anything anywhere at any price, would do well to write to Leonard Darbyshire, President, Dept. 107, Rochester, N. Y., giving a brief description of the property for sale, and asking him to send a free copy of his booklet explaining his new method of selling.

HAMPTON-WATSON WILL ADVERTISE CITY

ENTERPRISING FIRM WILL ENTER BUSINESS EXTENSIVELY.

Will Advertise Gainesville Throughout the United States, in Endeavor to Secure Settlers.

The Sun calls special attention to the advertisement of the Hampton-Watson Real Estate Company in this issue.

Gainesville has long needed a live, hustling real estate concern, and we now have it. B. F. Hampton, the senior member of the company, has been a resident of Gainesville for thirty-three years, is one of our most enterprising and public spirited citizens, a large property owner, and is well known throughout the entire State. No man in Florida is better posted on the lands and resources of the State.

E. L. Watson, the junior member, is from Greensboro, N. C., and comes to Gainesville with a long list of fine achievements in the real estate field. He has handled sub-divisions successfully in nearly every important city in the South, and is known as one of the most progressive real estate men in the South.

It is the real estate men who make a city. They advertise it, they open and straighten its streets, they convert its old fields and vacant properties into attractive sub-divisions; build street car lines, attract manufactories and investments, and in short, are indispensable to its growth. Where there are no real estate agents towns and cities do not grow.

The Sun hopes this company will succeed, for their success means the growth of Gainesville, and the more property they have for sale, the more able they will be to advertise Gainesville and improve its real estate. We consider them a valuable addition to the business interests of Gainesville.

ONE LESS BALD HEAD.

If You Are Losing Your Hair Read This Interesting Letter.

Giroux Mfg. Co., Buffalo, N. Y.

Dear Sirs—"I was told of your great remedy, Parisian Sage, that it would grow hair on bald heads, so I got a bottle and tried it and it is fine. I am a young man and only twenty-five, and was completely bald on the top of my head and now I have hair one inch long with the use of only one bottle. I only wish I could have shown you my photo before the hair started to grow and how it is now. I shall certainly keep on using it until I have a good head of hair, which I have no doubt it will bring." Oscar Armstrong, Engineer, Belleville Horse Shoe & Rolling Mill Co., Belleville, Ont., Aug. 21, 1909.

To every reader of The Sun the American makers of Parisian Sage wish to emphatically state that they do not guarantee Parisian Sage to grow hair on bald heads, because in the great majority of cases the hair roots are absolutely dead and not even the wonderful virtue of Parisian Sage can resurrect them.

Mr. Armstrong started to use Parisian Sage in time, before the hair root was entirely dead and in such a case there is no good reason why Parisian Sage should not restore his hair.

W. M. Johnson guarantees Parisian Sage to remove every trace of dandruff, stop falling hair and itching scalp in two weeks or money back, but he does not guarantee it to grow hair on bald heads.

Sold by leading druggists all over America and in Gainesville by W. M. Johnson. Large bottle 50 cents.

NOTICE TO ADVERTISERS.

The Sun cannot guarantee the insertion of advertisements in the Sunday issue unless the copy is handed in early Friday morning. This also applies to changes in advertisements already running in the paper.

Who said that Senator Taliaferro would not be a candidate for re-election?

If you want the good things offered by merchants who advertise in The Sun, do your shopping early.

If the features of Eusapia Palladino, the much-talked-of Italian spirit-medium, as given in the pictures in the daily press are the usual features of that class of people, we imagine the number of American women who want to be spirit-mediums must be small.

The business men of Ocala are hustlers, hence the success of the Marion County Fair. The Sun always did like Ocala, and its editor was one of the few persons in this county who voted for the Brick City to have the State Capitol. We like to help our neighbor, for, next to Gainesville, we consider Ocala the best interior town in Florida.

John D. Rockefeller excuses himself from commenting on the recent decision of the U. S. Circuit Court dissolving the Standard Oil Trust, on the ground that he is "no longer actively connected with the management of the Oil Company." He seems, however, to be very actively connected with the enormous quarterly dividends which the company pays with undeviating regularity.

When we are viewing some stately pile of buildings with its grand staircases, marble halls, and exquisite furniture it is not so much of its temporary occupants we think. Rather do we think of the men who dug the foundations, who put stone upon stone, who carved and sculptured with artistic skill and whose honest toil gradually upreared the fabric which commands the admiration of men.

A new temper seems to be possessing the English people in their attitude towards the nobility. It used to be said that "An Englishman dearly loves a lord," and doubtless he loves him yet to some extent. But the Englishman appears to have awakened to the fact that the nobility has escaped its fair share of taxation and that affects John Bull's pocket nerve very seriously, especially in these days of $12,000,000 Dreadnaughts and old age pensions.

The Sun's Christmas edition will be issued on December 16th, and will comprise at least twenty pages. The merchant who fails to be represented in this edition will neglect the only opportunity to reach the people of Alachua county and let them know what he has to offer them. The Sun goes into every home in this county, and as an advertising medium it has no competitor. If you desire space in the Christmas edition hand in your copy this week.

GOVERNOR COMER REBUKED.

The people of Alabama have clearly demonstrated that they do not want prohibition written into their State Constitution, though Governor Comer exerted every effort to obtain ratification of the amendment. During the past few months the prohibitionists have carried things with a high hand in Alabama, raiding private homes and breaking into trunks in search of liquor, and the people justly rebelled against such indignities heaped upon them by order of a fanatic who occupied the gubernatorial chair. The defeat of the amendment does not mean a return to the saloon system, by any means, but it does mean that State-wide prohibition will not be written into the organic law, and that the matter will be left for future legislatures to deal with.

In our opinion, Governor Comer's action in forcing such a drastic law through the Legislature, and his further arrogance in enforcing the law in many instances where its provisions should never have applied, had much to do with the defeat of the amendment. He set himself up as a dictator, even going so far as to name his own successor, and had he been successful in carrying out his plans the people of Alabama would have been ruled with an iron rod by him and his followers. But the people asserted their rights and refused to have the shackles placed upon them so securely that they could only be removed by a revolution.

The day of the open saloon is undoubtedly a thing of the past in Alabama, but the sovereign people will not permit the invasion of their homes, where they have as much right to keep beverages for private use as they have to keep bacon and flour, and the unjustly drastic sections of the law giving officers the right to search private homes without warning, will no doubt be amended by the next Legislature.

Attempts to write State-wide prohibition in the constitution have failed in Georgia, Tennessee, Louisiana, South Carolina, Texas and Alabama, the prohibition States of Georgia, Tennessee and Alabama being so simply through legislative enactment. The next attempt to write prohibition in the constitution of a State will be made in Florida, and the issue will overshadow everything else. Hundreds of speakers will be imported by the prohibitionists from other States, and from June to November there will be a "hot time in Florida."

Senator Taliaferro's formal announcement of his candidacy for re-election probably completes the entries for the Senatorial stake, and from now until the polls close the campaign will be fast and furious. Let us hope that it will be a clean campaign, free from mudslinging. Senator Taliaferro is the only one of the candidates who has a record in national legislation, and we believe that this record will bear the closest scrutiny. But he has at least two good men, and three good campaigners, to beat in this race, and he will make a great mistake if he relies too much upon his past record to win the election. He will have to be constantly in the front to win, for each of his opponents are going to bend every energy to wrest his seat from him. He proved himself a good fighter in the last race, and we opine that he is in better trim now than he was six years ago.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Thousands of lives are snuffed out every year by criminal neglect or carelessness. It is safe to say that almost every accident of magnitude involving the loss of hundreds of lives is due to those causes. Sometimes the fault lies with owners or builders, sometimes with employers of labor, sometimes with a careless workman. The tragedy of the excursion boat, General Slocum, off New York, that of the Iroquois Theatre in Chicago, and the very recent catastrophe in the Illinois coal mine are cases in point. Such negligence is due to various causes. In some cases it is due to the lack of proper safeguards because men in their lust for wealth will not stand the cost. In other cases it is due to callous disregard for the sanctity of life. In the Cherry mine disaster it was probably owing to that disregard for rules which familiarity with danger often breeds. But whatever the cause the outcome is widespread sorrow and misery, and the destruction of lives which no amount of remorse can restore.

In view of the knowledge as to many of the business methods of the Standard Oil, Steel, Sugar and other trusts it may well be asked in all seriousness if there is any medium-sized or large trust that does not systematically evade and violate the law? Certain it is that the greed for gain, which is responsible for such organizations, and the financial and other power which these monopolies possess lead naturally to dishonest and corrupt methods of business and law breaking.

That $7,000,000 surplus of Armour & Co. indicates the "law of supply and demand" was not the only reason for the phenomenal advance in meat prices.

MILLIONS OF LIVES LOST

An Awful Toll Collected by Consumption. Many Unnecessary Deaths From This Disease.

If people could only understand that systemic catarrh is an internal disease that external applications cannot cure, they would not need to be warned so often about this malady, which, when neglected, paves the way oftentimes for consumption, at the cost of millions of lives every year. Yet catarrh may be cured, if the right treatment is employed.

Catarrh is caused by a general diseased state of the system which leads commonly to annoying and perhaps serious local conditions, which may prove a fertile breeding ground for germs of consumption. External remedies give but temporary ease.

The only way to successfully treat catarrh is by employing a medicine which is absorbed and carried by the blood to all parts of the system, so that the mucous membrane or internal lining of the body is toned up and made capable of resisting the infection of consumption and other diseases.

We have a remedy prepared from the prescription of a physician who for thirty years studied and made catarrh a specialty, and whose records was a patient restored to health in every case where his treatment was followed as prescribed. That remedy is Rexall Mucu-Tone. We are so positive that it will completely overcome catarrh in all its various forms, whether acute or chronic, that we promise to return every penny paid us for the medicine in every case where it fails or for any reason does not satisfy the user.

We want you to try Rexall Mucu-Tone on our recommendation and guarantee. We are right here where you live, and you do not contract any obligation or risk when you try Rexall Mucu-Tone on our guarantee. We have Rexall Mucu-Tone in two sizes, 50 cents and $1.00. Very often the taking of one 50-cent bottle is sufficient to make a marked impression upon the case. Of course in chronic cases a longer treatment is necessary. The average in such instances is three $1.00 bottles. Remember you can obtain Rexall Remedies in Gainesville only at our store—The Rexall Store. J. W. McCollum & Co., corner East Main and Union streets.

Trees Being Cut.

Since the bulletin to the effect that the chinaberry tree has been causing disease to citrus and other fruits by attracting insects, a war has been waged against that unfortunate tree, and this war has finally reached Gainesville.

In a number of sections of the city within the past few days handsome china trees have been felled and split into fire-wood, which affords a consolation that the tree is good for something, anyway.

As a result of this general destruction of the china tree, the small boy will be compelled to resort to some other amusement than the "pop gun" next spring.

LAST NIGHT'S FIRE CAUSED HEAVY LOSS

BARN OF CRAWFORD & DAVIS AND HOUSE BELONGING TO J. L. CRAWFORD DESTROYED.

Barn Was Filled With Hay, and Burned Rapidly, the Fire Department Being Unable to Check The Flames.

As the result of a fire which originated in a barn filled with hay, near the Tampa and Jacksonville railway depot, at 7:15 o'clock last night, Crawford & Davis are heavy losers, as the building, with its entire contents, was burned to the ground.

A house owned by J. L. Crawford a few feet south of the barn and occupied by Meta Young and other colored people was also burned, entailing a loss to Mr. Crawford of several hundred dollars. The contents of this house were also destroyed, or the greater part of them.

The alarm was turned in from Box 64 at a quarter past 7, but the flames had already gained good headway, owing to the combustible condition of the contents and the exceptionally dry weather, and it was impossible for the fire department to render any direct aid on the burning barn and the house of Mr. Crawford, which was quickly ignited from the intense heat of the building where the fire originated.

Owing to a misunderstanding of Chief Benson's orders, the second section of hose was laid and connected in such a manner that neither of the two lines could reach the fire, otherwise the Crawford house could have been saved.

Messrs. Crawford & Davis will sustain a loss of nearly $1,000, with no insurance. The house of J. L. Crawford it was learned was also uninsured.

This loss is a serious one to all parties, but more especially to Crawford & Davis, who have suffered three severe fires within the past few years.

AMUSEMENTS

MYSTICISM POPULAR.

"House of a Thousand Candles" Is Making Tremendous Hit.

When a novelist succeeds in reaching public taste with his pen, his work will be deposited in the niche dedicated to "the best sellers" in fame's literary temple.

Ever on the qui vive to obtain that which interests the public, the stage folk are kept in touch with that fickle quantity, public taste, by the stage dramatist, who will quickly characterize the characters, incidents and theme of a popular novel into a living realism, which, accentuated by the actor's art and the devices of modern stage craft, is often an astounding revelation of the power possessed by the stage to materialize the ether of poetic imagery.

The novel, "The House of a Thousand Candles," listed as a "best seller," has been characterized and is in vogue, not only in the large, but the small towns. The reason of this popularity can only be accounted for by the atmosphere of mysticism which envelops the story.

The principal character in the story is a man of enigmatic silence. Surrounded by a maze of mystery, this human sphynx puzzles the mind of defying analysis to penetrate his motive till the supreme moment of a surprising denourment, when, with relentless hand, he punishes sin and rewards virtue. He is a living mystery, inexplicable, puzzling to the most astute analytical mentality.

The success of "A House of a Thousand Candles" in book and dramatic form demonstrates that the occult, the mystic, the uncanny, have a strong hold on the public mind.

This popular novel in dramatized form will be presented by the C. W. Park Company under their big canvas tent Friday night. Don't fail to be present, if you want to witness the finest production of the season.

AT THE TENT SHOW.

Park Theatrical Company Continue to Delight Large Audiences.

"Saints and Sinners," a delightful four-act comedy drama, was the bill at the Park tent last night, and to say that those who attended were pleased is but a reasonable expression. The best evidence that this excellent company is giving eminent satisfaction is the packed house each night, each performance being more largely attended than the preceding one.

The specialties continue good, and these alone are of such high order that they are worth the price of admission.

Tuesday evening the tent proved a little chilly to some, owing to a sudden fall of the temperature, but last night heaters had been provided, and everyone was comfortable.

This afternoon a matinee will be given especially for the benefit of the ladies and children who find it inconvenient to attend in the evenings. The play this afternoon will be a roaring farce comedy entitled "A Georgia Cracker," which is full of fun from beginning to end. The usual specialties, including the Graham children and their father, acrobatic comedians, will be produced. This act alone is marvelous, the children being only two and four years of age, respectively.

Tonight will be presented a thrilling production in four acts, "Sheridan Keene; or, The Kidnapper of New York." This is one of the best plays of its kind on the American stage, and should be seen to be appreciated.

How Pat Crawford Tests His Jokes.

Pat Crawford, principal comedian with Coburn's Greater Minstrels this season, and who will appear with the company Friday night at the Baird Theatre, was introduced to a local reporter the other night just after his monologue on the stage of the theatre. Reference was made to Pat's line of talk in his monologue and the reporter said, "I noticed a couple of your jokes did not seem to take well with the house, Mr. Crawford." Pat pulled off his wig and sat down on a trunk, then he began: "That's just the worst thing we have to contend with in this line of business. Sometimes I get a joke that I feel positive will be a 'humdinger,' but if I spring it on my audience without testing it, it falls flat." "Testing it?" inquired the scribe; "what do you mean by that?" "Why," said Pat, "we always test our jokes before springing them on the audience, but these two you mention I forgot to test out. You see the head chef on Mr. Coburn's private car is a Japanese, so I tell all my jokes to the Jap and if he laughs I know the joke is a good one," said Pat, while the reporter reached for cigars and hoped Pat wouldn't say anything about it in town.

The Value of Good Digestion

Is easy to figure if you know what your stomach is worth. Kodol keeps the stomach at par value, by insuring good digestion. Kodol cures Dyspepsia.

Kodol insures good digestion by absolutely duplicating Nature's normal process, in perfectly digesting all food taken into the stomach.

While Kodol is doing this, the stomach is resting—and becoming strong and healthy. A strong and healthy stomach guarantees a sound and active brain.

The man with a sound stomach—a stomach that is doing for the body just what Nature intended it to do—is the man who is always prepared for any emergency. He is "there with the goods."

The man with a sick stomach, is a man sick all over. When the stomach is irritated by undigested food, the blood and heart are directly affected. Then dullness, unnatural sleepiness, sick-headaches, vertigo and fainting spells, and even serious brain trouble develop. Kodol will prevent these.

Spurring the stomach and brain to special effort by "tonics" and "stimulants" doesn't cure anything, or accomplish any good. Neither does dieting. Indigestion and the serious ailments which it induces can be averted and corrected only by natural means.

Kodol supplies this natural means. It performs the stomach's work for it—just as the stomach should perform it—while the stomach takes a little rest, "for the stomach's sake."

Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say, that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 2½ times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

Working Team From Mount Vernon Lodge Will Confer Degree Work.

A working team of about twenty from Mount Vernon Lodge No. 20, Knights of Pythias, expect to leave tonight for Bronson, having been invited to that town as guests of Suwannee Lodge No. 4.

The working team of Mount Vernon lodge is regarded as one of the best in the State, and will confer work in the rank of Knight upon candidates of Suwannee lodge. This is a degree where a great deal of dramatic talent is required to make the work effective, and in this Mount Vernon is well supplied. Not only this, but their costumes are of the most elaborate pattern, and the paraphernalia second to none in the country for the purpose.

Suwannee lodge never does things by halves, hence the Gainesville visitors are anticipating a big time, in which they will not be disappointed. It has been intimated by one on the "inside" that their Bronson brothers have been busy for several days preparing a lot of good and tempting things to eat, which means that a spread will follow the ritualistic ceremonies.

Baffled.

Two brothers were once at Count von Moltke's house at an evening party. Both were captains of the general staff. The general came up to a group of gentlemen, one of whom was one of the brothers. After joining in the conversation he said to the latter: "Just tell me who is that tall officer near the fireplace on the other side. I forget his name."

"That's my brother, your excellency," was the answer.

A smile stealing over the general's face suggested the idea that he had not obtained the information he wished. Some time after the general went to another group of people and there joined the officer whose name he had inquired. Suddenly the others saw him turning away, with the same smile on his face.

Afterward, when they inquired from the young officer what the general had asked him, he replied:

"He asked me who that officer was over there."

"And what did you say?"

"I said that he was my brother?"

The general gave up inquiring the name of the two brothers for that evening.

NEW LIGHT IS THROWN ON BROWNSVILLE RAID

Negro Soldiers Went Gunning For Americans And Expressed Regret That Mexican Was Shot.

BROWNSVILLE, Tex., Dec. 1.—New light was thrown on the Brownsville raid by the court of inquiry in its session yesterday, and a number of heretofore undeveloped points were brought out, all of which are claimed to be detrimental to the cause of the negro soldiers charged with "shooting up" the town. Celso Oliveir, a former policeman, and Manuel Morales, formerly a tailor at the post, were the principal witnesses.

Oliveir testified he saw Capt. Macklin, whom he knew well, picking up shattered cartridge shells the morning after the raid. At the former inquiry Capt. Macklin testified that the shells were found in one place, it being alleged they were placed by citizens in support of a conspiracy theory. Morales told of a conversation he had with a negro soldier after the raid, in which the soldier said he was sorry a Mexican had been wounded, as the Americans were the only ones the negro troops "were after."

Among the other witnesses was Joseph K. Powers of San Antonio, formerly keeper of the National cemetery at Fort Brown. Powers said he had a conversation with Major Penrose, following the shooting, quoting the latter as saying he would rather have lost his right arm than have had his men do the shooting, and he would give a year's pay to know which of the soldiers did it.

That the officers of the negro regiment knew the shooting was done by their men was testified to by Mrs. Kate Lehy, who said Lieut. Greer told her the officers recognized the reports of the high-power rifles, but were afraid to leave their families to investigate, believing that the soldiers were fighting among themselves as on previous occasions.

The court of inquiry concluded its hearings here late yesterday, and adjourned to meet at a later date in Washington. The inquiry will be completed by hearing such discharged soldiers as may apply for reinstatement in the army, and who will be called to testify in their own behalf.

At the afternoon session Dr. Joseph K. Combe, retired army officer and mayor of Brownsville, declared that he was familiar with the report of army rifles and expressed the opinion that the bullets were fired from such rifles on the night of the raid. On the succeeding morning, he declared, he visited the army post and saw several soldiers cleaning their guns, contradictory to previous evidence by officers and men of the battalion. Another witness, Mrs. R. H. Wallis, asserted that she saw the flashes of the guns as they were fired from the post. She declared that roll call at the barracks was half an hour after the shooting ceased. At a previous hearing soldiers declared that the shooting was still in progress while the roll was being called. A number of houses shot into were visited yesterday.

Mrs. O'Leary's Cow Not Guilty of Arson, Says Son

CHICAGO, Dec. 1.—Mrs. O'Leary's cow did not kick over the lamp that started the fire which destroyed the city of Chicago in 1871!

Exploded is the tradition of the origin of the great fire which swept away millions of dollars in property and made homeless many thousands of persons. The denial of the cow's kick came yesterday from the son of Mrs. O'Leary, James O'Leary, familiarly known as "Big Jim" of the stock yards district, who denied the oft-repeated story, following a declaration made Monday from a Chicago pulpit that the cow had kicked over the lamp after two youths tried to procure from her milk for whiskey punches.

"The fire was caused by spontaneous combustion in the hayloft," said Big Jim.

"It was like this: The old man had put in a load of green hay a few days before the fire. The fire started in that hayloft and the place where the cows were kept was underneath that. It was Sunday night that the big fire started. I hadn't got to sleep when I heard the firemen shouting in front of the house and we all got out.

"The first we knew about the cow and the lamp was when we read about it. Father and mother died, sad at heart over that monumental world-strewn fake."

Dickens Outdone By Tale Of Burglar Won By Children

CHICAGO, Dec. 1.—Two children, sleeping in peaceful unconsciousness last night yesterday, proved more effective in disposing of a robber than the bolts and bars on the entrances to the home of Adolph Huber.

The influence of the sleeping children, the small daughters of Huber, caused a burglar to repent his crime and return to the children's parents the money which he had just taken at the point of a revolver.

The burglar had ransacked the garments of Huber, taken all the money he could find in Mrs. Huber's purse and

Tiptoeing out he gave back to the astonished parents the money which he had taken, a small sum, and added a silver coin, saying:

"Those are great kids. I haven't got much coin, but you give them this from me."

The police are looking for the kind-hearted burglar.

REV. FOSTER ON A TOUR.

Prominent Palatka Minister Seeing Country in His Rambler.

Rev. W. C. Foster, formerly of Alachua but now pastor of the First Baptist church of Palatka, with his handsome forty-five-horse-power Rambler automobile, was the center of attractions on the streets yesterday, and friends were glad to see both him and his machine, which is said to be the handsomest that ever rolled into Gainesville.

Dr. Foster, with his driver, Clair Otey, direct from the Rambler factory, have been on a tour since Monday, leaving Palatka for Ocala, thence to Gainesville and Alachua, returning from the latter point yesterday morning. The machine behaved nicely, the trip being made without a mishap or accident of any kind.

Dr. Foster left in the afternoon for Melrose, where he spent last night, and expected to leave this morning for home.

When the candy was cooked everyone had the pleasure of joining in the pulling of same. A large crowd was present. Music was dispensed during the evening lending a delightful charm to the occasion. ANTI-PROHIBITION MAJORITY INCREASES

Largest Vote Ever Cast In Alabama---Now Believed Majority Will Be Over 25,000.

BIRMINGHAM, Ala., Dec. 1.—Later returns from the State indicate that Monday's majority against the prohibition constitutional amendment will run above 25,000. It appears that a vote of not less than 125,000 was polled, the largest in the history of the State.

As the sweeping nature of the defeat of the amendment is realized there is a disposition in all circles to analyze the result for its probable effect on future legislation in the State. Industrial leaders and business men of Birmingham are almost unanimous in their belief that the result was a rebuke to recent drastic legislation and a declaration of the people of Alabama of their determination to return to conservation. Leaders of the Birmingham chamber of commerce believe the election will have the effect of bringing a great deal of Eastern capital to Alabama which has been timid for the past two or three years.

Leaders of the amendment forces were overwhelmed by the news of the result, as they were absolutely confident of victory up to the last moment. Governor Comer left for Mississippi Monday on a fishing trip.

"The election determined that the men of Alabama did not wish to write into their constitution police measures, nor surrender rights they have expressly reserved," said United States Senator Johnson.

"It does not mean the return of the saloons nor any backward step in public morals.

"It means that Alabama is conservative and not to be shaken off her feet by mere sentimental appeals."

Senator Bankhead Talks.

Jasper, Ala., Dec. 1.—"The defeat of the constitutional amendment means that Alabama will have a long-needed rest from political agitation," said United States Senator J. H. Bankhead last night. "The defeat of the amendment does not mean a surrender to any interest that will prove inimical to the moral status of the people."

"I Told You So."

Mobile, Dec. 1.—"Two weeks ago I was satisfied that the amendment was defeated; of this I was more than satisfied before the end of the past week." This was the statement of Governor B. B. Comer to a party of friends on a train Monday night, as he left Birmingham for a hunting trip in the neighborhood of Vicksburg, Miss.

The Governor did not go into details as to what had caused him to determine two weeks before the election that the constitutional amendment would be defeated, but when asked why he was so strongly in favor of prohibition, the Governor replied:

"Because one and one-half per cent of the population of Alamaba are convicts and this is due to liquor."

BONNIE MELROSE.

MELROSE, Dec. 1.—Robert Chamberlin gave a birthday party to 28 of his young friends last Saturday. After many games had been played all kinds of delicious refreshments were served, and as a grand finale the whole party was taken out on the lake for a ride in the Dixie.

Dr. F. Roux of Williston and Miss M. Roux of Gainesville were guests of W. H. Lee over Sunday.

L. M. Pearsall has recently purchased the Balcom place east of Melrose and is now making preparations to have the house moved to the lake shore, where it will be a great addition to the many pretty cottages surrounding the cove. It will be located on the former Nagel property.

The next meeting of Melrose Chapter No. 27, O. E. S., will be held on Tuesday, Dec. 14, at 7 p. m., for election of officers. All members are requested to be present.

Man's Head Is Assuming Characteristics of Lion's

CINCINNATI, Ohio, Dec. 1.—The head of Charles Meyers, a shoemaker, 22 years old, is gradually losing its human characteristics and assuming the shape of a lion's head. The man, who is an inmate of the city hospital here, was exhibited Monday night before the medical association as the victim of one of the rarest diseases known to medical science.

The disease is known as "leontiasis ossia," and only a few cases are on record.

During the last three years the bones of Meyers' skull have gradually enlarged, his eyes have retreated and the whole configuration is so changed that he now bears a far stronger resemblance to the king of beasts than to a human being. The doctors declare that in a short time he must either become insane or die.

Will Issue No Licenses Since He Joined Church

LITTLE ROCK, Ark., Dec. 1.—As a result of joining the church, Judge H. H. Simmons, of Jackson county, one of the liquor strongholds in the State, announces he will not issue any further saloon licenses while in office. He declares "Christian duty [illegible] refusal to issue licenses would be a violation of election promises and party faith. The result may affect the whole prohibition situation in this State. All licenses expire January 1. Judge Simmons is a brother of Robert Simmons, a minister at Searcy.

A BIG INDUSTRY FOR GAINESVILLE

WILL MANUFACTURE FINE CIGARS ON EXTENSIVE SCALE.

El Toney Cigar Factory Have Purchased LaMatanzas Cigar Factory, and Will Consolidate.

From Tuesday's Daily Sun:

A deal of considerable magnitude, which will prove of great importance to Gainesville, has been consummated, which means that this city will soon have one of the largest and most modern cigar factories in the interior of the State.

H. S. Thomas, proprietor of the LaMatanzas Cigar Factory, has disposed of his interests here to the El Toney Cigar Factory of Waldo, and the latter company will apply for a charter and move their business here, consolidating the two factories.

The LaMatanzas factory has been in successful operation here for the past three years, making the Universidad and other brands of smokers which have made the factory famous throughout the entire State. It was on account of failing health which caused Mr. Thomas to dispose of his interests.

The El Toney factory is also an old established enterprise, having been engaged in business in Waldo for many years. The factory was established by M. Entenza, who conducted the same until his death, when it was turned over to his son, John Entenza, who sold it to the present owners, C. C. & E. A. Trowbridge.

The new company has been formed with the following officers for the ensuing year:

T. S. McManus, president; T. B. Ellis, Jr., vice-president and general counsel; C. C. Trowbridge, secretary and treasurer; E. A. Trowbridge, general manager.

It is the purpose of the new enterprise to greatly increase its capacity, and a large number of cigar makers will be employed from the beginning.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

A Good Advertisement.

rom Tuesday's Daily Sun:

L. C. Kunze of Baltimore spent Sunday in this city. Mr. Kunze is the clever traveling representative of the Falconer Company, lithographers and engravers, Baltimore, and, while his territory does not embrace Gainesville, he stated that he had seen literature regarding Gainesville put out by the White House, and decided to come here for Sunday. He was well pleased with the treatment accorded him at the hotel here, which he declares to be among the best he ever enjoyed in his life, no matter where. The White House booklets, which have been widely distributed, are very handsome, and have accomplished a great deal towards advertising this city.

THE REVIVAL IS CLOSED.

Large Congregations Assembled at Methodist Church Sunday.

The First Methodist church Sunday night was filled with one of the largest congregations ever known in its history, the occasion being the closing exercises of the evangelistic services which have been in progress there for the past two weeks.

The song service was fine. It lasted for half an hour, after which Rev. Dr. Christian delivered an excellent sermon, taking as his text St. Mathew 10:42: "And Whosoever Shall Give to Drink Unto One of the Little Ones a Cup of Cold Water, Only in the Name of a Disciple, Verily I Say Unto You, He Shall in No Wise Lose His Reward."

Dr. Christian delivered a most excellent discourse along the line of this text, and at the close all felt better for having been present.

Dr. Christian and Prof. Milam, leader of the choir, left Monday afternoon at 3:30 for Georgia, their home.

Everyone who attended these meetings feel that they have proved greatly beneficial to the city, and it was with a source of regret that they bade the evangelist good-bye.

PRISONERS TO CAMP.

Jim Mulberry and Goodrich Cato Must Serve Time at Holder.

From Tuesday's Daily Sun:

Jim Mulberry, colored, was convicted of the crime of selling liquor without a license at the recent term of the Circuit Court and was sentenced to four months at hard labor in the convict camp.

In Justice Sealey's court at Alachua it was decided that Goodrich Cato had stolen some cotton, and Justice Sealey sentenced him to spend sixty-five days in the county jail, which means that, inasmuch as the county leases out the services of the prisoners, he must put in that much time at the mines at Holder, Citrus county.

The men were taken there yesterday by Deputy Sheriff Bruton, and will be compelled to serve their sentences, after which they may decide to "be good" and let liquor and cotton alone.

MORE HARD ROAD FOR MICANOPY

CONTRACT LET FOR STRETCH FROM MICANOPY NORTH.

This Road Will Connect With Wacahoota Road, Lacking Only Short Space of Completing Gap.

The progressive people of the Micanopy sub-road district expressed a determination by balloting two or three years ago to have good roads, and they are living up to their determination. This district probably has a greater mileage of good road than any other in the county, and the district is gaining all the time.

The road from Micanopy to Evinston is as hard, as well surfaced, and as well built as any in the State, and the traveling public appreciate such magnificent highways. Not only is this a good road, but there are others leading out from Micanopy in every direction, and that district has become famous for hard surfaced highways.

But the people of Micanopy district are not yet satisfied, for they are continually building, "reaching out," as it were. They have just closed another contract with Jesse R. Emerson for the construction of a road northward from Micanopy to the district line limit, which will lack only a mile and a sixteenth from connecting with the Wacahoota road. Mr. Emerson and his force went to work Monday on this stretch, and will push the same through to completion as soon as possible.

With the exception of the stretch above referred to, a hard surfaced road will be afforded from Gainesville all the way to Micanopy without a break, and as this gap belongs to nobody in particular, it has been suggested that the county commissioners take charge of same.

Putnam and other counties adjacent to Alachua are waking up to the comfort, convenience and importance of a hard roads system, and old Alachua will not be found wanting when it comes to completing the inter-county system.

IMPORTANT TO LAND OWNERS.

The Gainesville Elevator contains important notice to land owners that tax deed will issue to certain lands in Alachua county if not redeemed prior to December 27th, 1909. These lands were sold at tax sale on the 5th day of August, 1907, being bought in by the United Land-Development Company, and if you inadvertently let your property go to sale, or if the same was sold through some mistake, you should at once take the matter up with Clerk Wienges. In some instances the land is assessed as owner unknown.

ELKS WILL HOLD LODGE OF SORROW

EVENT OF INTEREST WITH ELKS OVER UNITED STATES.

Impressive Services to Memory of Departed Brothers, Which Will Be Held Publicly Next Sunday.

From Wednesday's Daily Sun:

As is the annual custom of the order, Gainesville Lodge No. 990, Benevolent and Protective Order of Elks, will hold its memorial service, or lodge of sorrow, on next Sunday afternoon, and this event will no doubt be largely attended, as a most impressive and interesting program has been arranged for the occasion.

It is the custom once each year, the first Sunday in December, for every Elk lodge in the United States to meet in this memorial service, as a token of brotherly love to the departed brothers. The service is always deep and impressive, as the ceremony is one of the regular order of the lodge, and is most beautiful in its ritualistic work.

Notwithstanding that Gainesville lodge has been in existence nearly five years, this lodge has lost only four brothers by death, being Brothers B. F. Jordan, October 17, 1906; W. G. Robinson, October 27, 1906, W. E. Dow, September 6, 1908, and Fred H. Ford, September 11, 1908. A fine enlarged portrait of each of these departed brothers adorns the walls of the Elks' Club here, which act as gentle reminders of the fidelity of these departed brothers, and it is to revere the memory of these absent ones that this service is held.

But it will not only be to the memory of departed brothers of Gainesville lodge that this sacred service is held, for the service is intended in this lodge, like others, to include all Elkdom where the ranks have been invaded and made vacant by death.

The Program.

The following interesting program has been arranged for this memorial service, which will be held in the lodge room of the local Elks Sunday afternoon, beginning at 3 o'clock:

Overture—Miss Burkhim.

Invocation—Rev. J. J. Cloar.

Solo, "Einsam in Truben Tagen," (Wagner)—Miss Pedrick. Accompanist, Mrs. L. Becker.

Memorial Address—Dr. A. A. Murphree.

Ritual.

HARDEE—DOKE.

TRENTON, Fla., Nov. 29.—A very pretty wedding was solemnized at 8 o'clock Thursday morning, when Mr. John Sylvester Hardee and Miss Belle Doke were united in holy matrimony by Rev. Sheffield.

The ceremony was performed at the home of the Rev. Sheffield, who lives about three miles from town, and was witnessed by a small circle of relatives and friends.

The bride was arrayed in a beautiful gown of cream silk, trimmed with silver passementerie. The groom was handsomely attired in conventional black.

Immediately after the ceremony the wedding party returned to Trenton, where a number of felicitous friends awaited them, and soon afterward the happy couple left, amid a shower of rice and best wishes, for Newberry, from which place they will start on their wedding trip. The bride's traveling costume was a rich brown suit.

Both Mr. and Mrs. Hardee rank high in Alachua county society, and a large number of friends and acquaintances join in wishing them a long, happy and prosperous life.

Charged With Forging Check.

Deputy Sheriff Wynne of Newberry arrived in the city Tuesday, having in custody Boisey Holt, a negro charged with forging a check of G. Towney Kennard, the Newberry liveryman.

Holt was arraigned in Justice Carter's court, and was sent to prison in default of bond to await the action of the grand jury.

Accidents will happen, but the best-regulated families keep Dr. Thomas' Eclectric Oil for such emergencies. It subdues the pain and heals the hurts.

OLD THIRTEEN ON DUTY.

Faithful Engine Again Placed in Commission on St. Petersburg Run.

Engine No. 13 of the Atlantic Coast Line, which pulled the first through train on the Jacksonville-St. Petersburg run through this city, and which has been doing faithful service ever since, has been again placed on the run, after having been disabled a few days ago by bursting a flue, while pulling Train No. 39.

"Old 13," as the boys call her, has been mighty faithful. It is seldom that any train this engine pulls is late, as she usually runs just on the minute, and a few days before she was disabled Engineer Larson remarked how faithful she had been.

But 13 got into hard luck last week, when a flue caused all the trouble. The engine did its best, and there was no "cussing or fuming," as Engineer Larson declared it was the most faithful engine he had ever pulled the throttle on.

"You know I love old 13," Mr. Larson said, "because she has always been so reliable. I have been master of that engine for several years, and if she fails to go you may put it down that it is not her fault, because as a rule she always pulls us in on time."

The Correct Time

To stop a cough or cold is just as soon as it starts—then there will be no danger of pneumonia or consumption. Just a few doses of Ballard's Horehound Syrup taken at the start will stop the cough. If it has been running on for sometime the treatment will be longer, but the cure is sure. Sold by W. M. Johnson.

A Distinguished Visitor.

Hon. J. W. Hatcher, formerly of Lake City but now residing at Worthington, where he is engaged extensively in the mercantile and real estate business, was among the visitors to Gainesville Tuesday, and favored The Sun with a highly appreciated call.

Mr. Hatcher is one of the most prominent men in this section of the State. He represented Columbia county faithfully and efficiently in the Legislature, leaving a record of which any man should feel proud.

RICHARDSON UNDER ARREST.

Well-Known Citizen of Dayville Charged With Shooting at Waters.

Charged with shooting at E. H. Waters, a hunter, on his place at Dayville a few days ago, J. B. Richardson, a well-known citizen and farmer of the Dayville section, was arrested by Deputy Sheriff Bruton and brought to Gainesville Saturday.

Mr. Richardson was released upon his own recognizance when arrested, and later came to the city, where the case was compromised without resorting to the County Judge's Court. The matter was amicably adjusted, as Mr. Richardson evidently proved to Mr. Waters that it was no intention to shoot at him or his dog, but merely to try and "scare the hunter" who had encroached upon posted land.

Both the plaintiff and defendant are well known in this section, and mutual friends are glad to know there will be no ill feeling over the matter, which is now understood.

Who said that Senator Taliaferro would not be a candidate for re-election?

If you want the good things offered by merchants who advertise in The Sun, do your shopping early.

There is one man in Florida who expresses genuine regret that former Senator Pasco will not be a candidate in the primaries of 1910, and that man is Gen. E. B. Bailey. The General was simply "itching" for another opportunity to train his cannon once more upon his fellow townsman.

And now The Pensacola News shows symptoms of doubting Governor Broward's intention of running for the Senate. Next thing we know The News will be flattering itself that Col. Blount's candidacy has scared the whole flock of candidates out of the political field and left that gentleman no opposition.

The race course at Jacksonville has proven a genuine surprise to people from all over the country, and it is conceded to be the best appointed track in the entire South. The betting ring is kept free of "touts" and everything is conducted upon the highest plane. Even the color line is drawn there, which we have never before seen at a race track.

A MISGUIDED CRITIC.

The Tribune has no sympathy whatever with the criticism of the so-called "Murphree's Press Club," of the State University, indulged in by The Inverness Chronicle. In fact, The Tribune is shocked and surprised at The Chronicle for such an unkind and unjust expression.

It is undeniably true that the press of the State has been and is being "worked" to an almost intolerable degree by semi-public and, in some cases, strictly private enterprises, in the guise of "news-matter" which is, in short, nothing more than free advertising. But it is a narrow view indeed which would include in this "sponging" category the movement now being developed by President Murphree, for the advancement of the University and, at the same time, for the training of the young Floridians under his instruction in the gentle art of putting their thoughts and ideas into "newspaper English."

The Tribune believes that this is one of the best ideas yet put into execution by a Florida institution of learning. It gives the young people practical experience in "writing for the paper"—an accomplishment which every man and woman who expects to take any part in the drama of life should cultivate and become familiar with—not necessarily with a view to making it a business or a profession or a means of livelihood, but for practical, every-day use. What man of any consequence in a community is there who does not at some time or other, find himself called upon to prepare something for publication—and what an advantage it gives him with the editor if he is capable of putting his communication into proper shape for the "copy desk" of a modern newspaper. The same is true of women.

The Tribune's experience has been that only one in one hundred of the persons who contribute matter to its columns is in even the slightest degree familiar with even the most rudimentary rules of writing "copy" for a paper. This lack of knowledge makes the editor's job all the more difficult, it being found in many cases absolutely necessary to completely rewrite the article submitted. How much easier it would be for all concerned were the general public better posted in this very simple accomplishment.

It is for this reason that The Tribune approves and applauds the efforts of President Murphree to give the University students training in writing for publication. He never did a better thing and The Tribune hopes he will persevere in it. As for this paper, it will be glad to print the matter sent out by the "Murphree Press Club" and its editors will take pleasure in giving the contributions special attention and in assisting the correspondents in perfecting themselves in the valuable work. The success and the continuance of the Murphree plan means much saving of labor and time for the Florida editors of the future. Good luck and undiminished encouragement to it!—Tampa Tribune.

One Dose for Coughs

Children cough at night? Give them Ayer's Cherry Pectoral. Often a single dose at bedtime will completely control the cough. Good for any one with a cold or cough. Good for easy cases, hard cases; good for acute cases, chronic cases. Ask your doctor to tell you, honestly and frankly, just what he thinks of this old standard remedy. No alcohol in this cough medicine. *J.C. Ayer Co., Lowell, Mass.*

GOVERNOR COMER REBUKED.

The people of Alabama have clearly demonstrated that they do not want prohibition written into their State Constitution, though Governor Comer exerted every effort to obtain ratification of the amendment. During the past few months the prohibitionists have carried things with a high hand in Alabama, raiding private homes and breaking into trunks in search of liquor, and the people justly rebelled against such indignities heaped upon them by order of a fanatic who occupied the gubernatorial chair. The defeat of the amendment does not mean a return to the saloon system, by any means, but it does mean that State-wide prohibition will not be written into the organic law, and that the matter will be left for future legislatures to deal with.

In our opinion, Governor Comer's action in forcing such a drastic law through the Legislature, and his further arrogance in enforcing the law in many instances where its provisions should never have applied, had much to do with the defeat of the amendment. He set himself up as a dictator, even going so far as to name his own successor, and had he been successful in carrying out his plans the people of Alabama would have been ruled with an iron rod by him and his followers. But the people asserted their rights and refused to have the shackles placed upon them so securely that they could only be removed by a revolution.

The day of the open saloon is undoubtedly a thing of the past in Alabama, but the sovereign people will not permit the invasion of their homes, where they have as much right to keep beverages for private use as they have to keep bacon and flour, and the unjustly drastic sections of the law giving officers the right to search private homes without warning, will no doubt be amended by the next Legislature.

Attempts to write State-wide prohibition in the constitution have failed in Georgia, Tennessee, Louisiana, South Carolina, Texas and Alabama, the prohibition States of Georgia, Tennessee and Alabama being so simply through legislative enactment. The next attempt to write prohibition in the constitution of a State will be made in Florida, and the issue will overshadow everything else. Hundreds of speakers will be imported by the prohibitionists from other States, and from June to November there will be a "hot time in Florida."

Senator Taliaferro's formal announcement of his candidacy for re-election probably completes the entries for the Senatorial stake, and from now until the polls close the campaign will be fast and furious. Let us hope that it will be a clean campaign, free from mudslinging. Senator Taliaferro is the only one of the candidates who has a record in national legislation, and we believe that this record will bear the closest scrutiny. But he has at least two good men, and three good campaigners, to beat in this race, and he will make a great mistake if he relies too much upon his past record to win the election. He will have to be constantly in the front to win, for each of his opponents are going to bend every energy to wrest his seat from him. He proved himself a good fighter in the last race, and we opine that he is in better trim now than he was six years ago

If either Griggs or Kehoe succeeds in wresting the Congressional plum from Dannette Mays over in the Third district after he has served but one term, the successful one will have accomplished a political feat not heretofore recorded in Florida during the recollection of the writer. But factional feeling among Democrats in the Third district outweighs everything else, and it will be the same fight of two years ago over again.

The business men of Ocala are hustlers, hence the success of the Marion County Fair. The Sun always did like Ocala, and its editor was one of the few persons in this county who voted for the Brick City to have the State Capitol. We like to help our neighbor, for, next to Gainesville, we consider Ocala the best interior town in Florida.

Cuban Woman Died From Horrible Burns in Tampa

TAMPA, Nov. 30.—At 2 o'clock Monday afternoon Maria Acosta, a Cuban woman of West Tampa, died at her home on Arch street, after having been in intense agony since 9 o'clock Sunday night from torturing flames inflicted by a fiendish man who covered the woman's clothing with gasoline and then set fire to the lower portions of her dress, soon enveloping her entire person in flames, and so frightfully burning her body, limbs and head as to cause death after seventeen hours' of the most intense agony.

The woman was living alone on Arch street, having separated from her husband some time ago, but never having secured a divorce. For several weeks a Cuban named Miguel Gomez had been an unwelcome visitor to the woman's house and had repeatedly been ordered from the house and it is thought in a spirit of diabolical revenge went to Maria's home and poured a bucket of gasoline over her and then struck a match to her fluid-drenched clothing, literally roasting her.

Two confederates are said to have been seen entering the house with Gomez. One of these is still at large and another supposed to have been connected with the affair is in jail, that is Rafael Bermundez, who figured so conspicuously as a witness in the Ficarroto murder case. The principal in the horrible deed has been also placed behind the bars after having been apprehended and carried before the dying woman, who fully identified him and detailed, between agonizing screams, the sickening story substantially as given above. County sheriff's deputies are hunting for the other man who assisted in the brutal deed.

RAILROAD TRESTLE BURNED.

Trestle Over Prairie Creek Destroyed, Which Delayed Two Trains.

On account of the burning of the long trestle over Prairie creek, about a mile and a half from Rochelle, Trains 39 and 40 were delayed some time yesterday, with the result that it became necessary to make a transfer.

Train 39, bound for St. Petersburg, and Train 40, from St. Petersburg for Jacksonville, were both held up at the trestle, when passengers were transferred, the former resuming the schedule of No. 40, while the latter returning on the run to St. Petersburg.

HAMPTON-WATSON WILL ADVERTISE CITY

ENTERPRISING FIRM WILL ENTER BUSINESS EXTENSIVELY.

Will Advertise Gainesville Throughout the United States, in Endeavor to Secure Settlers.

The Sun calls special attention to the advertisement of the Hampton-Watson Real Estate Company in this issue.

Gainesville has long needed a live, hustling real estate concern, and we now have it. B. F. Hampton, the senior member of the company, has been a resident of Gainesville for thirty-three years, is one of our most enterprising and public spirited citizens, a large property owner, and is well known throughout the entire State. No man in Florida is better posted on the lands and resources of the State.

E. L. Watson, the junior member, is from Greensboro, N. C., and comes to Gainesville with a long list of fine achievements in the real estate field. He has handled sub-divisions successfully in nearly every important city in the South, and is known as one of the most progressive real estate men in the South.

It is the real estate men who make a city. They advertise it, they open and straighten its streets, they convert its old fields and vacant properties into attractive sub-divisions; build street car lines, attract manufactories and investments, and in short, are indispensable to its growth. Where there are no real estate agents towns and cities do not grow.

The Sun hopes this company will succeed, for their success means the growth of Gainesville, and the more property they have for sale, the more able they will be to advertise Gainesville and improve its real estate. We consider them a valuable addition to the business interests of Gainesville.

All of the officers elected at Umatilla's town election are Republicans.

TALIAFERRO WANTS TO SUCCEED HIMSELF

BUSINESS SENATOR DESIRES SHORT CAMPAIGN.

Willing to Let His Record Speak for Itself—Will Endeavor to Make Canvass.

JACKSONVILLE, Nov. 30.—Senator Taliaferro will run for the Senate, says The Jacksonville Metropolis. There is no foundation for the rumors which have been rather persistently circulated throughout the State that he would not again be a candidate. A Metropolis representative saw Senator Taliaferro this morning and asked him directly if there was any foundation for the rumors.

"None in the world," said the Senator, "and you may say in The Metropolis, if you will, that I shall be a candidate for re-election, and, with the loyal support which my friends have always given me, expect to win.

"I have made no formal announcement up to this time, as I have regarded it as too early to start a campaign, and had felt that my friends pretty generally understood that I would be in the race."

"Will you issue a platform, Senator?"

"Not for the present at least. It has happened that during my service in the Senate practically all the questions of public interest have come before the Congress in one form or another, and it has fallen to my lot to take position on each and all of them. The record thus made up is before the people, who will know from that record whether or not my service to them and the State has been loyal and faithful."

"When will you begin your campaign?"

"Not for some time as yet. Indeed, I think the campaign should be as short as possible, having in mind, of course, a sufficiency of time for a fair and full hearing for all who wish to be heard. A long campaign is not only trying upon the candidates, but disturbs the public mind and interferes with the business interests of the State.

"Florida just now is doing finely. Indeed, I believe we are making greater strides than ever before, and it would be unfortunate not to eliminate as much as possible the disturbing element of politics. We can do this, I think, with a not unreasonably short campaign."

"Will you make a canvass of the State?"

"I shall endeavor to do so. But Congress will meet on Monday for the long session, and my canvass will have to depend largely upon my ability to get away from Washington. Important questions are coming up, both from a national and State point of view, and I shall not willingly neglect them. For this reason I shall not to be as free as I could wish to visit all parts of the State, but I shall do the best I can, and feel that I may rely on my friends to do the rest."

Judge Pinnell Seventy-Five.

Judge E. A. Pinnell, our popular attorney and honored citizen, celebrated his seventy-fifth birthday last week. Judge Pinnell is a native of Missouri, and moved with his family to Bronson about 15 years ago. Five years of his young manhood were given in defense of the Southern Confederacy, and like his great chieftain, Jefferson Davis, he will never surrender the conviction that his cause was just. In war he was a brave soldier, retiring with the honors of a captaincy, and in peace he has been an honored, useful citizen, and we wish him many happy returns of his birthday.—Bronson Times-Democrat.

JIM "JUMPED" HIS JOB.

Restaurant Keeper Well Known Here Left for Parts Unknown.

Jim Witherspoon, a well-known negro restaurant keeper who has been engaged in conducting a small restaurant and cold drink stand at the corner of East Main street S. and East Masonic street for the benefit and accommodation of laborers on the Government building, has folded his tent and quietly sneaked away, leaving several furniture dealers, grocers, and his landlady in debt.

Witherspoon evidently had an eye to business, as he realized that there would be considerable traffic among the day laborers on the Government building, now under course of erection, and where a great many of the day laborer class is employed.

He opened a restaurant and was apparently doing well, as his stove was running eighteen hours of the twenty-four. But Jim could not withstand the prosperity attending his efforts, and suddenly decided to take French leave, with those who had trusted him with the bag to hold.

Jim is gone, but the only parties really out are the landlady and grocers, as the furniture was left intact, Jim never even taking the time to make up his bed and leave the linens in good shape.

Sheriff Ramsey issued a writ of attachment against the furniture and housefurnishings a few days ago, which was probably the direct cause of Jim leaving so suddenly without ceremony.

polling place witnessed its f fist fights, there being so many it was impossible to keep track of them. Feeling was so high that a few words were sufficient to bring on a blow. As an instance of the deep feeling displayed, a prominent minister went to the polls and a young woman attempted to pin a white ribbon upon him. He declined, telling her that he considered it improper for young ladies to speak to men on the streets whom they did not know. The woman began crying, and the minister apologized for hurting her feelings, but said he considered the polling places very improper places for the young women to be. The affair was taken up all over the city and partisans commended or denounced the conduct of the minister, according as their sentiments on the questions dictated.

The streets were thronged with people early in the evening watching the bulletin boards of the newspapers.

Birmingham gave a majority of 953 against the amendment; Greater Birmingham (including suburbs) records a majority of 1,253 against.

Chairman J. Lee Long, of the State Alabama anti-amendment committee, issued the following statement:

"I want to congratulate the people of Alabama on their victory, won through the efforts of the press.

"This will serve notice on future generations that the people of Alabama will not allow any of their personal liberties abridged.

"I hope that the gentlemen on the other side will strike hands with us, as we have malice towards none, and join us in a forward stride, so that we can go on and make Alabama the greatest State in the Union."

While the election was an apparent landslide in repudiation of prohibition, it is not regarded here as likely that the State will ever go to the conditions that existed before the adoption of the State-wide prohibition laws. It is generally believed that the result means ultimately a modification of the present drastic laws, but not necessarily their repeal.

Prohibitionists were largely responsible for the result. Counties which have had prohibition for twenty-five years voted against putting it into the State constitution, and cities and towns of Jefferson county (Birmingham), which went heavily for prohibition under local option, reversed the former majorities. Some of the chief temperance leaders of the State fought the amendment.

Probably the most serious condition that the president is now facing is that resulting from the continued failure of efforts to effect a complete fusion between his partisans, and those of Vice-President Zayas.

Another disquieting feature of the situation is the renewal of agitation for the formation of a negro party. Steps preliminary to organization were taken at a meeting of colored men in the province of Oriente. For some weeks past, Havana has been the mecca for local colored leaders from all sections of the island, who have come to confer with Senator Morua Delgado, president of the senate, and acknowledged leader of his race, in whose honor a great demonstration was recently held in Havana.

Four Per Cent Paid in Savings Department

CHARGED WITH SELLING BEER.

L. C. Hudson, Colored, of LaCrosse, Must Answer to the Charge.

Charged with selling spirituous liquors in a county which had voted against the sale of same, L. C. Hudson, a well-known negro of the LaCrosse section, was arrested by Deputy Sheriff W. F. Hines Monday and brought to this city, where he was arraigned preliminarily before Judge Mason and released under a bond of $200 for his appearance on the third Monday in December.

It is stated that Hudson was caught in the act of disposing of beer for a cash consideration, and witnesses may be enabled to give more light on the matter when the case is brought for preliminary hearing on the date set.

"Suffered day and night the torment of itching piles. Nothing helped me until I used Doan's Ointment. It cured me permanently."—Hon John R. Garrett, Mayor, Girard, Ala.

A strange man was recently found in the streets of St. Augustine, sandbagged and robbed. He now lies in the Flagler Hospital unconscious. This is one of the most dastardly and mysterious cases that has ever been known in St. Augustine.

TRUTH ABOUT CATARRH.

Sensible Methods Will Cure It—J. W. McCollum & Co. Guarantee Hyomei to Cure Catarrh.

Catarrh can never be cured by taking medicine into the stomach nor by sprays, atomizers or douches.

Intelligent physicians have long ago discarded such ideas and not one of them would be worth consideration were it not for the fact that unscrupulous persons prey upon the ignorance of the people in regard to new discoveries.

Catarrh is caused by germs and just as long as these germs thrive in the folds, crevices, nooks and corners of the mucous membrane that line the nose, throat and chest, just so long will you have catarrh.

There is only one remedy that will kill the germs when it gets where the germs are, and that is Hyomei.

Hyomei is made chiefly from Australian Eucalyptus and Eucalyptol combined with other germ-killing antiseptics. Just breathe it in through the hard rubber inhaler that comes with each outfit and relief is immediate. Used regularly for a few weeks Hyomei (pronounced High-o-me) will cure chronic catarrh. Complete outfit $1.00 at J. W. McCollum & Co's., and leading druggists everywhere.

A HOT OLD TIME.

Two Colored Women Engaged in Exciting Fight Monday Night.

There was a "hot old time" in front of the store of the Wilson Company Monday night, when Winnefred Clark and Ruby Harris, two well-known colored women, got into a real, live scrap, which resulted in an old-fashioned hair-pulling, both women sustaining several ugly scratches.

The row, which it is understood was over a man, occurred at an hour when the street was well filled with people, and the animated altercation caused a great deal of excitement and amusement, intermingled.

Both women were arrested and put up a cash bond of $10 each, which was forfeited in the Mayor's Court Tuesday morning.

Winnefred seemed the more aggressive and the bolder of the two. As she was released under her own bond and turned to go away, she remarked: "I sho' would er pulled all dat niggah's wool out'n her head if dat cop hadn't cum erlong, or I'd er had her runnin' so fas' dat she would er spit in her own face fo' she got home."

WORK ON MAIN STREET.

Force Busily Engaged Leveling Off This Important Thoroughfare.

A force of workmen have been engaged for the past two days in leveling off and repairing West Main street S., in accordance with the order of the City Council at its last meeting, and in a short while residents of this thoroughfare hope to see the same in presentable and servicable condition, for the first time in several years.

West Main street is one of the city's principal thoroughfares, but the street has been sadly neglected on account of the Atlantic Coast Line railroad traversing it, with the result that it became in such miserable condition that it has been impossible for teams to use the same.

An effort has been made several times to induce the railroad to lower its tracks to the proper level and repair the street, but so far it has been of no avail.

Geo. K. Taylor Honored.

The Columbia (S. C.) State, in its issue of November 24th, announces the election of Geo. K. Taylor as a member of the Board of Public Works of that city, at a salary of $1,000 per annum. Mr. Taylor is the youngest brother of W. B. Taylor, of the Baird Hardware Co., and is well remembered by many Gainesville people, among whom he lived for several years. He has for the past four years been manager of Lorick & Laurance, an extensive hardware institution in Columbia, where he has steadily grown in public favor since taking up his residence there. The Sun congratulates Mr. Taylor upon his success, as well as the people of Columbia upon having secured the services of such a thoroughly up-to-date business man.
